- Choose one of the protein choices (1, 2 or 3 for example) with one of the favorable complex carb choices (1,2 or 3 for example) at specific meals.
- Remember your protein intake for the day is based on your INBODY RESULTS SHEET and specifically to your LEAN BODY MASS (LBM). Protein intake is your foundation at every meal.
- Choose one of your favorable complex/favorable carbs at 2 meals for the day. Your favorable complex carb intake will average 30/40 grams x 2 meals in a day. Ideally first meal of the day and after the workout or after the workout and at another meal.
- Remember to review the guidebook for most of your questions.
